WEA, Western & English Atlanta announces a date change for February. We are moving our show back one week to February 23 - 24 - 25, 2008. While we know this is one week later in the season, we felt it necessary to accommodate many vendors with conflicts. We knew that there were exhibitors going to MAGIC (which ends on the 15th) and others at other shows as well, but the final straw was when the shoe show dates were apparently changed to the 15th through the 17th. That would have taken at least 12 to 15 of our booths. So, in order to accommodate all of these people, and using the only other available dates at the NATC, we are moving our dates one week later. AGAIN, the new show dates will be February 23rd, 24th, and 25th, with a move in date of February 22nd. Should you have any questions, please call me. Today is Friday, October 12th and I will be mobile most of the day. 404-683-1644
