

January 18th, 2008

As the Denver Market is now complete, it is my earnest hope that all of you that attended did well!!

Now we can look on to WEA in Atlanta. Just a quick note to bring all of you up to speed.

First, we are really excited as we continue to add new exhibitors to our show. Sure, some exhibitors decide this is not their thing, but most of you decide to continue to support our market. Many of you even extend the size of your booths. Thank you all. But we have a whole bunch of new exhibitors coming in as well. We have almost eclipsed our last market allowing us to continue on a growing trend. Having talked with three new exhibitors just today, I believe we will be larger than last market.

Now, the retailers. Well, we continue to get more and more new retailers calling and emailing and pre-registering for the February show. And, as I reported last time, we are hearing from some "old timers" that use to come to Atlanta and have heard good things from you reps, and they are coming back to give us another shot. So, we hope to grow the retailer's listings as well.

One more new item. I hope this time to add a little entertainment to our Sunday night reception as the Stone Mountain Barber Shop Quartet has agreed to perform. This is a nationally acclaimed, award winning group and I am sure you will enjoy them.

We do still have a few booths available, so get those contracts on in as quickly as possible. The finishing touches are being put on the show book, so if you want to get in, now is the time!!

See you in a few weeks,

Roger
